However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Q1	I. Which c	of the follow	ving bes	t expresses	your view	of the	proposed	I Desecration	of War	Memorials
(P	revention)	(Scotland) Bill? (F	Please note,	that this	questio	n is comp	ulsory.)		

Fully supportive

Q2. The proposed Bill aims to improve the protection of war memorials by creating the specific offence of desecration of a war memorial. Do you think legislation is required, or are there are other ways in which the proposed Bill's aims could be achieved more effectively?

Yes, legislation is required

Please explain the reasons for your response, including your view on whether the creation of a specific offence of desecration of a war memorial would be an effective deterrent.

Recent events in London and other parts of UK show that the war memorials of the UK are being treated with contempt by many members of society. A deterrant should not be required but it seems it will have to be applied.

Q3. What do you think the definition of a 'war memorial' should be?

Please explain the reasons for your response, including your view on the proposed definitions set out on pages 7 and 8 of the consultation document.

Any Statue, Obelisk,monument put up by a city, town or village in the UK to commemorate the dead from both WW1 and WW2

Q4. Which of the following best expresses your view of the proposal that the level of punishment for the offence of desecration of a war memorial should be subject to a scale which reflects the severity of the offence?

Fully opposed

Please explain the reasons for your response, including your view on first offenders, particularly young people, attending education programmes or community service, the scale of potential fines and prison sentencing options.

There should be no "scale" it is wrong to desecrate a war memorial.

Q5. In England and Wales, the maximum sentence for desecrating a memorial is 10 years imprisonment. What, in your view, should the maximum sentence be under the proposed legislation for desecrating a war memorial?

Up to 10 years

Please explain the reasons for your response

Uniformity with rest of UK on sentencing

Q6. Which of the following best expresses your view of the proposal that the new offence should be limited to war memorials, as opposed to memorials more generally?

Unsure

Please explain the reasons for your response

Other memorials would have to be defined

Financial Implications

Q7. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

no overall change in costs

Please explain the reasons for your response, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.

If offence is seen to take place, have instant fines issued do not use court system

Equalities

Q8. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your response and if there are any ways you think the proposal could avoid negative impacts on particular people.

Why would this be an issue? All members of society regardless of reasons listed above should know the difference between right and wrong

Sustainability

Q9. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? (If you do not have a view then skip to next question)

Please explain the reasons for your response, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

No Response

General

Q10. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

No Response
